

protection against allergy, sun

individually adjustable

SAFETY PANTS

Suitable protection for wounds in the anal area

no collar

The VetMedCare products offer pleasant wound protection for your darling - the alternative to the annoying medical cone!

VetMedCare [®]
by Zaza Textilösungen GmbH

... ideal for covering wounds in the anal area, castration, etc.

- Protects wounds from dirt, licking and scratching
- Protects the animal skin from allergies, irritations and sun
- Chemical-free tick protection
- The Body is optimally adjusted to the animal's anatomy
- Prevents snowballs in e.g. dog's fur
- Does not hinder urination or defecation
- Breathable and quick-drying

The material is made of 90% polyamide and 10% elastane. Thanks to this combination, it is quick-drying, washable at a temperature of up to 60°C /140° F and breathable, thus supporting the healing of wounds and the regeneration of the skin.

As the material is also run-proof, this allows for multifunctional usage.

heat or incontinence

ultra-quick drying
